

2022 Midwest Scroll Saw and Woodworking Trade Show

Friday, August 5 & Saturday, August 6, 2022

Class Descriptions and Schedule

We have a nice variety of classes for you to learn new skills or polish your existing skills. Pre-registration is recommended to reserve your seat in the class of your choice. Please send your pre-registration before, **July 15, 2022** to The Art Factory, PO Box 701, Platteville, WI 53818 or call 608-348-8332. Payable by check to: The Art Factory or use a credit or debit card from Discover, Visa, or MasterCard. A \$5 convenience fee will be added to all credit/debit card transactions. Once the pre-registration period is over, you will be able to sign up for classes at the show as long as there are still openings.

Class Schedule for Friday, August 5, 2022

Friday 9:30 to 11:00 Intarsia Basics – presented by Donna Baltz

In this class Donna will teach techniques that will provide some basic knowledge on how to complete an Intarsia project. This discussion will include pattern sources and how to prepare those patterns for cutting. She will highlight the importance of wood selection to make your intarsia piece come alive. As well as, the importance of blade selection, cutting, shaping & finishing.

Cost per person - \$15

Class size limit - 20

Friday 11:00 to 1:00 Chip Carving – presented by Rick Bartels

Rick will provide a background in chip carving basic techniques and safety. You will be able to practice the basic skills on a project that you then take home with you. Knives and wood will be provided - all you need to bring is an eagerness to learn!

Cost per person - \$20

Class size limit - 10

Friday 1:00 to 2:30 Matting & Framing to Add a Touch of Class – presented by Tom Taylor

Tom Taylor does an amazing job of finishing off his silhouette projects and is willing to share his techniques for matting and framing with you! This class will focus on framing your work and finishing it off with a touch of class. You will learn how to use a basic mat cutter to cut your own custom mat to size using a single or double mat. There will be a discussion on choosing the right frame whether using store bought frames, custom made frames or refurbished frames. He will explain how to apply the mat to your scroll saw cutout. Then, to add that extra special touch - he will show how to make a name plate that can be done quickly and easily by anyone.

Cost per person - \$15

Class size limit - 20

Friday 3:00 – 4:30 Lighting and Enhancement for Scroll Saw Projects - presented by Mark and Tanya Kitto

You will be introduced to our process of preparing and planning to light up your scroll saw signs. We will be using off-the-shelf LED electronic lighting to do hands-on lighting within a group setting. Also, we will demonstrate an introduction to do customizable electronic lighting with Arduino circuits.

Cost per person - \$15

Class size limit - 15

Class Schedule for Saturday, August 6, 2022

Saturday 9:30 – 11:00 Scroll Saw Basics - presented by Tom Taylor

Learn the basics of scroll sawing with Tom Taylor. How to get started, considerations for which saw meets your needs, how to set up your saw and preparing the wood for patterns - will all be covered. There will be a discussion about how to choose wood and blades, explanations for drilling holes, pros and cons of single cuts vs stack cutting and what kinds of patterns are available. Tom will have patterns set-up on wood and will use a scroll saw to demonstrate techniques for cutting curves, circles, turns, etc.

Cost per person - \$15

Class size limit - 20

Saturday 11:00 – 1:00 Painting Fall Leaves - presented by Mike Boelman

Mike will demonstrate beginner painting techniques including color theory, blending and shading. As part of this class, you will receive a set of wooden cutouts in the shape of tree leaves. You will use acrylic paints and your set of leaves to practice the painting techniques. You can take the leaves home to use as fall ornaments or use in other craft projects.

Cost per person \$25

Class size limit - 15

Saturday 1:00 – 2:30 Wooden Gear Clock Construction - presented by David Kettunen

Join Dave Kettunen as he uses his experience to offer hints and suggestions to help with the construction of a simple wooden gear clock. He will have models showing the project at various points of the construction process as well as a handout to follow along with him. At times, he will have the class come to the front in small groups so you get an up-close view of the techniques he is demonstrating. He will also make suggestions for other tools, beyond a scroll saw, which are needed for the project. The main pattern he will be working with is the #6 by Clayton Boyer. If you would like to buy this pattern to follow along with it as he talks you through the project, there will be an option to purchase it, through Dave, in advance of the class so you can take it and your newfound knowledge home to complete the clock on your own.

Cost per person -\$15

Class size limit – 20

Cost of Gear clock pattern #6 (optional – see description above) \$42

Other Class Offerings:

Cedar Valley Carvers will offer carving demos in their booth on the show floor. They invite interested people to join them in the booth and they will help individuals carve their very own “friendly owl” to take home!

The Quilts of Valor group will again be at the show with their gorgeous quilts on display. They invite interested people to help sew quilt squares for future quilt projects and learn about their efforts on behalf of our veterans.

Router Sign Making Class is still in the organizing stage. No pre-registration for this tentative class. You will sign-up for the class at the show
