

Woodcarving Contest

The purpose of the woodcarving contest is to give recognition for artistic merit, carving skills, design, and finishing qualities. Judging score sheets will be provided to entrants to help them further develop their skills on future project pieces.

The contest will be separated into divisions: Beginner, Intermediate and Advanced according to the complexity of the project piece. There will also be a Junior division for kids under age 16.

The projects will be judged on:

Presentation- including originality/creativity, and visual impact.

Craftsmanship- including techniques, execution of detail, texturing, cleanliness of finish.

Design- including proper proportions, perspective, balance and form

Surface Finish- quality of finishing and/or quality of painting

Likeness of Subject- including shape, size, coloration and anatomical accuracy
